Lexie, Felix and William.*

*Summer: Logan Bittner,
Jasmine, Felicia, Nancy
and Hallie*

Message from the Deputy and Head

We are finding it hard to believe that we are over half way through this short term already!

But the next couple of weeks hold some key events for us. Firstly, we have our Pupil Progress Meetings next week, when we discuss the learning of every child in the school and make plans as to how we can best support and further this for each individual. For the first time we will also be looking at every child's attendance as part of this meeting. Nationally if a child's attendance at school slips below 90%, this is a cause for concern. If we have children who fall into this category, we are planning to involve parents in finding a way to address this issue. We are sure that you understand the importance of good attendance for children's learning.

Then the following week is when we will be holding our Parents Evenings, when you will have the chance to meet and discuss your child's progress with their teacher and have a chance to look at what they have been doing in school. Although these meetings are a great opportunity to talk about any concerns or issues that you have, please remember that we are always here, and the sooner that you let us know about something that is worrying you or your child, the quicker we can start to solve it.

We are very pleased that William and Rhys Dimmock have joined us in Spring and Winter Classes – welcome to our school!

Possible After-School Club

Thank you to everyone who has let us know that they are potentially interested in this. We will be looking at possible models and determining viability over the next couple of months. We are planning to have further information on this to share with you before Easter.

Nutritional Information about School Dinners

We have been asked if it is possible to share more information about the nutritional content of our school dinners. All school dinner providers, including Mrs B's who we use, have to follow strict government guidelines in the planning of their menus. Mrs B's has directed anyone who is interested in finding out more about this to the website <http://www.schoolfoodplan.com/>

They have also asked us to remind you that salad is available daily as a main meal choice and fruit as a dessert option; they add no fat to any of the vegetables; they use lean meats, with salmon being the oily fish required by the guidelines; their sponges are fatless and the chocolate shortbread is non-confectionary as it is made with cocoa.

Reception enjoying their first Forest School session.

Spring Class had a great time on their trip to the Chippenham Dome.
