### *In our Good Learning Book this week:*

**Winter:** Charlie (Star of the Week), Martha, Evelyn, Gabriel, Eli (for 99 Club)

**Spring:** The whole class for a great sharing worship

**Summer:** Jack (being helpful in ICT), Oscar, Henry W, Ivie, Grace (good representation on the dash)

**Autumn:** Ben, Caleb (good approach to learning)

### Message from the Deputy and Head

Sadly we've had another week affected by snow. We are sorry for any inconvenience this caused for you, most especially for Winter and Spring Classes who had to postpone their trip. Miss Stather has worked very hard and got this re-arranged for Wednesday 18<sup>th</sup> April.

Luckily Autumn Class fitted their trip in to the Science Fair at Bath University before the weather turned nasty, and they all had a great time. Many thanks to FOKS for funding this trip, as part of their commitment to provide an educational but not topic-related trip for each class this year.

This week has been a busy one for us in school as we have held our termly Pupil Progress Meetings, in which we discuss the achievements, progress and attendance of every child in the school, and make plans for how we can best maximise all these things. These meetings are the real 'engine' of the school, making sure we remain focused on what is best for each and every child in our care.

We wish Mrs Fowler all the very best as she leaves us to go on maternity leave. She will be returning in September one day a week and will operate a reduced timetable until January when she will be back to 2 days a week. We wish her and her family all the very best, and hope they get some sleep!

We hope that you all have a wonderful Easter holiday, and have the chance to enjoy some time together as a family.

### Punctuality

We would like to encourage you all, children and parents alike, to make every effort to be in school as promptly as possible every day. The official deadline is 9:00am, but school is open from 8:45am, and that 15 minutes provides an important time for children, helping them settle into being in school and prepare for the learning of the day. Both good attendance and punctuality are great disciplines for children to learn as they will serve them well through the course of their whole life.

### Online Safety

Keeping your child safe on-line can be difficult – they always seem to manage to stay one step ahead of us. We teach e-safety at school, every year to all children. But the following links may provide you with some helpful tips and information for you to use at home: <http://www.childnet.com/parents-and-carers> and <https://www.nspcc.org.uk/preventing-abuse/keeping-children-safe/online-safety/>
